

EUROENGEEO 3RD EUROPEAN REGIONAL CONFERENCE OF IAEG

ATHENS 2020

Leading to Innovative
Engineering Geology Practices

20-24 September 2020 • Aegli Zappiou

Dear Colleagues and friends,

In view of the escalating challenges we all face as a result of the Coronavirus-COVID-19 pandemic and the need to safeguard the health and wellbeing of our exhibitors and visitors, we would like to inform you that the EUROENGEEO 2020 Organizing Committee is carefully monitoring the situation across the Globe, and assessing the implications of containment and prevention measures by health authorities for the EUROENGEEO 2020 conference, which is scheduled to take place in Athens, Greece from 20 to 24 September 2020.

Whilst it is too early to make accurate predictions about the progression or resolution of the epidemic, the meeting **is still planned to proceed as scheduled**. We will follow oncoming EU and Greek Ministry of Health recommendations regarding the organization of public events. We are very optimistic about the future situation and **we are still looking forward welcoming you in Athens, next September!**

Once again, please note that the conference will be organized with the collection of extensive abstracts, which we are looking forward receiving them up to the **30th of April 2020**.

It is our pleasure also to announce that the **Executive Office and Council of IAEG for 2020** will be hosted in the occasion of the conference in Athens.

Finally, the IAEG **“Hans Cloos”** and **“Marcel Arnould”** medals will be awarded, while the next **Richard Wolters Prize competition for 2020** will be presented by IAEG at the occasion of the conference.

Please contact us for any queries at info@euroengeo2020.org.

Be safe and looking forward seeing you in September.

Sincerely,

The Organizing Committee
